Curtin University of Technology is Western Australia's largest university with over 41,000 students, of which 17,000 are international students. Curtin University of Technology is a world-class, internationally focused institution. A culturally diverse university, it fosters tolerance and encourages the development of the individual. Its various programmes centre on the provision of knowledge and skills to meet industry and workplace standards. A combination of first-rate resources, staff and cutting-edge technology makes Curtin a forerunner in tertiary education both within Australia and internationally.

PROGRAMME OVERVIEW

The Bachelor of Commerce programmes are very relevant to the requirements of today's world, with considerable emphasis on decision-making, trends in technology and associated work patterns, and other aspects of management essential for success in the highly competitive business arena which now exists. Besides the theoretical concepts, the programmes also emphasise the application of knowledge to commerce and industry. Graduates of the Bachelor of Commerce with suitable work experience may be considered for admission to graduate Programmes in Curtin Business School.
