

CHARLES TELFAIR
I N S T I T U T E

"Study accounting, which is the language of business, and work hard."

John E Anderson, President of Topa Equities, Ltd.

BACHELOR OF COMMERCE ACCOUNTING AND FINANCE

TEC approved

WHAT IS IT?

The Accounting major will introduce you to the principles of accounting, auditing, taxation and relevant areas of business law. You will learn how to record and communicate information relating to the financial performance of organisations, how to prepare reports, give advice on an organisation's record-keeping and its compliance requirements. You will also learn about accounting techniques applied to planning, directing, decision making, and controlling functions of an organization. The course will help you understand the link between strategic decision, profitability, risk and cash flow.

In the Finance major, you will learn about investment

evaluation, how to fund activities and understand the importance of the capital structure of a company. The course also provides you with an understanding of the structure and operations of financial markets and financial instruments including derivative instruments. You will also learn about security analysis and portfolio performance evaluation techniques.

Please note:

During your first semester of the Bachelor of Commerce you'll complete common core units which will provide an introduction to the various aspects of business. You do not need to make a final decision on a single or combined major until your second semester.

WHY A CURTIN BCom IN ACCOUNTING AND FINANCE AT CTI?

- ✓ **Secure Career:** Completion of the degree will enable you to practice as a Private Accountant and later, study further to become a Public Accountant
- ✓ **Industry Exposure:** CTI makes use of its link with the industry to help students in their search for an internship during their final year of study. As a result, many find permanent employment once they complete their degree
- ✓ **Global perspective:** The program recognizes the global nature of accounting by applying international financial reporting standards. You will understand how cultural practices and differences impact on commercial activities and interpersonal relationships
- ✓ **Business Acumen:** This Curtin degree allows final-year students the opportunity to develop their business acumen through a unique simulation program during which students compete in teams to run a virtual company in a virtual industry.

CAREER POSSIBILITIES

- / Accountant
- / Business Analyst
- / Financial Planner
